"We believe the commander in chief of Satan's hosts, the legalized liquor traffic, with all the cohorts of hell, are rubbing their hands in very glee over this report. This Goliath, the great enemy of the church of Jesus Christ, joys in the fact of this report, and in the fact that Bishop Potter ignored our communication to him, and in the fact that the leading clergymen of the Episcopal Church in our own city rebuke us as impertinent and fanatical. Yet we cannot believe this great historic mother church can be arrayed against us in our righteous warfare for total abstinence, and the national prohibition of legalized beverage liquor traffic."

The letter appeals to the Archbishop to "refute this claim of the enemy that he stands as their sponsor and friend."

COURT RULING CURTAILS POWER OF POLICE JUDGE.

Provision of City Ordinance Con cerning ldling is Held to

the Circuit Court yesterday morning cur talls to a large extent the power of the St. Louis Police Judges and of the city on charges of idling. The rolling was made in granting the

habeas corpus. Buckley was fined 200 in habeas corpus Buckley was fined 200 in the Police Court on August 4 on a charge of idling, and, falling to pay the fine, was sent to the Workhouse.

Judge Taylor, in granting the writ of habeas corpus, said that the section of the city ordinances which gives a Police Judge power to fine a man for idling whenever he has reason to believe that the man is guilty of that offense is too hoad, in that it gives the police courts too extensive power over the liberty of citizens. Judge Taylor further said that a police court should not send a man to the Workhouse for idling unless the evidence against him is positive.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period - how to avoid pain and suffering and remove the cause by using Lydia E. Pinkham's Vegetable Compound.

"To Young Women:—I suffered for six years with dysmenor-rhes (painful periods), so much so that I dread 1 every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."—Miss Agnes Miller, 25 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates struction and makes those periods painless.

READ WHAT MISS LINDBECK SAYS:

"DEAR MRS. PINKHAM: - Lydia E. Pinke ham's Vegetable Compound has greatly bene-fitted me. I will tell you how I suffered. My trouble was painful menstruation. I felt as each month went by that I was getting worse. I had severe bearing-down pains in my back and abdomen.

"A friend advised me to try Mrs. Pinkham's medicine. I did so and am now free from all pain during my periods."—Jessie C. Lindbeck, 1201 6th Street, Rockford, Ill.
